

# Join Us to Discuss the Future of Colorado's Early Childhood System

You spoke and we listened. Last year, stakeholders around the state told us what was needed to create an early childhood system that supports all Colorado children and families. This input shaped our successful bid for three more years of funding for the Colorado Shines Brighter Preschool Development Grant and informed the Senate Bill 19-63 Infant and Family Child Care Action Plan. Continue the conversation - join us to discuss how these initiatives will shape the future of Colorado's early childhood system.

## WHO SHOULD ATTEND

Families of young children; caregivers; early childhood professionals; individuals that support families and nurture the well-being of children; health care providers; early childhood advocates; policymakers; and others interested in the early childhood system.
